WORK & LEADERSHIP EXPERIENCE

Satva Healthy Lifestyle

Marketing Intern

Princeton, NJ

June 2026 - Present

- Expanded the business development pipeline by 50+ prospective retailers and buyers through market research, lead generation, competitive analysis, and targeted outreach across New Jersey and New York.
- Supported market expansion by completing 70+ retailer, vendor, and marketplace applications through analysis of eligibility criteria, licensing requirements, pricing, and onboarding processes.
- Generated 60+ meetings with prospective retailers, buyers, and strategic partners by executing customized email campaigns, cold calling, follow-up communication, and relationship management.
- Increased brand awareness and customer engagement through the planning and execution of product demonstrations, promotional events, sampling campaigns, and retail activations.
- Improved marketing strategy and brand positioning by analyzing customer feedback, market trends, website content, and social media performance to deliver data-driven recommendations.
- Strengthened cross-functional execution by coordinating with company leadership, external marketing agencies, and event partners to manage campaign timelines, communications, logistics, and deliverables.

Goldfish Swim School

Swim Instructor & Lifeguard

Lawrenceville, NJ

May 2025 – Aug 2025

- Delivered individualized swim instruction to children ages 2–12 by clearly explaining techniques and adapting instruction, resulting in improved technical skills, confidence, and water safety
 - Led and coordinated structured group activities, collaborating with other instructors to increase participation, coordination, and engagement
 - Demonstrated leadership and initiative by maintaining a safe pool environment through continuous supervision and enforcement of safety protocols
 - Took initiative to support team operations by assisting other instructors during high-volume sessions and reinforcing safety standards
-

PROJECT EXPERIENCE

Course Projects – Rutgers University

New Brunswick, NJ

Consulting Project – CLDigital (Risk & Compliance SaaS)

Sep 2025 - Dec 2025

- Evaluated CLDigital's business model, revenue drivers, and cost structure by analyzing the company's operating model and competitive position within the Governance, Risk, and Compliance SaaS market.
- Assessed market positioning and competitive dynamics by combining industry research, quantitative analysis, and insights from executive interviews.
- Developed data-driven strategic recommendations by synthesizing qualitative and quantitative findings with a project team and presenting conclusions to stakeholders.

Financial & Economic Data Analysis | R

- Identified statistically significant relationships across financial and economic variables by applying regression analysis and hypothesis testing to real-world datasets in R.
 - Evaluated stock market trends and potential predictive signals by analyzing trading volume, opening prices, and closing prices using statistical and econometric methods.
 - Uncovered additional patterns beyond required coursework by conducting independent data exploration, building contingency tables, and calculating likelihood ratios to assess relationships between economic variables.
-
